

Guidelines for PPSEAWA USA Scholarship Award

(last 2 years of secondary school, which is 11th and/or 12th year)

to be given by **PPSEAWA-USA** to a young woman who resides in one of the nations having a PPSEAWA National Member Organization as listed below.

1. Whatever monies are allocated for this scholarship or scholarships (we might be able to give two) will be given **directly to the school** that the candidate attends or the school district superintendent or school council. Each scholarship will not exceed \$1000.00 USD, payable in U.S. funds.
2. The candidate/recipient must **finish with honors** in the first year of the grant (presuming it is a two-year grant) before being awarded the second year's money.
3. **No monies** will be given directly to the student or her family.
4. Her school principal and/or Selection Committee must recommend each candidate. She should demonstrate intellectual ability, focused performance, moral integrity, extracurricular activity and be community minded.
5. If the candidate comes from a small village/town, the Selection Committee should consist of village elders and/or any-nonpolitical professionals (doctors, lawyers).
6. Candidates should NOT be related to anyone on the Selection Committee.
7. No monies will be given to the school to be attended until the scholarship **recipient is registered and enrolled**. Bursar's receipt or equivalent is requested.
8. PPSEAWA USA requires a **report from the student/and school after the first year**.
9. Decide how much more education would be needed by the candidate to meet her goals.
10. PPSEAWA-USA hopes that the scholarship recipient, after finishing school, remains in her own country.

Candidates from nations who are PPSEAWA International members as listed below can be proposed by their NMOS:

Australia, Canada, Cook Islands, Fiji, Hawaii, India, Indonesia, Japan,
Malaysia, New Zealand, Pakistan, Philippines, Republic of Korea,
Samoa, Taiwan, Thailand, Tonga, United States of America
